On behalf of Atlantic Richfield, Amec Foster Wheeler is holding a couple of webinars to present an overview of the recently submitted Site Characterization Report and each of the supporting Technical Data Summary Reports to help facilitate the U.S. EPA and stakeholder reviews. The intent of these meetings is to provide a general overview of the documents so that the reviewers have some familiarity with the layout and content; however, we do not intend to facilitate detailed technical discussions at this point.

This invite is for the first webinar only. Future invites will be sent for subsequent webinars. To join the webinar please use the following:

Leviathan Mine - Site Characterization Report Overview Mon, Jan 29, 2018 10:00 AM - 12:00 PM PST

Please join my meeting from your computer, tablet or smartphone.
